

Join and Build the National Emergency Response Network

NO MORE ACCEPTING THE UNACCEPTABLE - NO MORE STOLEN LIVES!

The **October 22nd Coalition to Stop Police Brutality, Repression, and the Criminalization of a Generation** is calling on justice-loving people to unite to build a **National Emergency Response Network** against police violence. The purpose of this network is to connect people across the country to be able to activate a coordinated response when the next police outrage occurs, which as we should all be aware by now, is not a matter of IF it will occur, but **WHEN**.

What will this network do?

- **Respond** to killings and abuses by law enforcement, building opposition on an increasingly coordinated level locally, statewide, and nationally
- **Monitor** police crimes against the people—both the ones that make national news and the ones that don't
- **Inform** people with the best information we have about each incident, as well as share ideas for tactics and resources among different local areas
- **Support** the victims and families and loved ones of victims and connect them with other families
- **Speak out** for the victims and their loved ones, and build a struggle for justice around each case
